GTMaritime offers a suite of solutions and services tailored to the maritime industry's unique needs. Here are some highlights:

- **GTMailPlus**: Maritime email you can rely on.
- **GTSentinel**: Optimised maritime antivirus.
- **GTMail4Crew**: Simple crew email and SMS.
- **GTNews4Crew**: Tailored news and sport.
- **GTSeaMail**: Email solution for smaller vessels.
- **GTReplicate**: Maritime file and data replication.
- **GTDeploy**: Maritime software deployment.

These solutions and services are designed to be encrypted and secure, flexible, compliant with data protection regulations, independent of airtime and operating systems, and offer a personally tailored approach to customer service.

GTMaritime has over 20 years of maritime communications experience, offering 24/365 technical support from ITIL-trained engineers. Their offices are located in the UK and Singapore, along with a global partner network.

With 6,000+ vessels worldwide trusting GTMaritime with their communication solutions and 500+ businesses worldwide connected, GTMaritime is a trusted partner in the maritime industry.

GTPersonalAccounts provides the ability to set up multiple groups of email accounts for temporary or permanent use for vessel operations as well as crew, passengers or visitors to your vessels or business.

Optimised for use in demanding environments through our secure and stable email platform, GTPersonalAccounts allows you to set up private email accounts, configurable to be active for a set time period.

The accounts are also GDPR compliant as the messages are not archived and the content is not viewable via the fleetwide management dashboard.

**Why do I need GTPersonalAccounts?**

With GTPersonalAccounts secure email accounts can be provided for specific time periods, tailored to suit the requirement of the user. Once the time period has expired the account, and all content, is deleted to comply with data protection legislation.

---

**Benefits of GTPersonalAccounts**

- **Encrypted and secure** - Operates using our fully optimised for maritime email platform, with Advanced Threat Protection
- **Flexible** - Ability to set the active period to suit your requirements
- **Complies with data protection regulations** - Personal email content is not archived or visible on the fleetwide management dashboard
- **Airtime and operating system independent** - Able to operate within your existing systems
- **Restart from point of interruption** - Resumes data transfer from point of interruption if there is a break in communications
- **IMO Code Compliant** - ability to run separated networks for operations, crew and equipment to comply with IMO MSC-FAL.1/Circ.3 cyber security requirements for 2021

---

**How it GTPersonalAccounts works**

- Utilises the same cyber secure core email solution used for vessel operations.
