GTPersonalAccounts

Set up multiple groups of email accounts for temporary or permanent use

GTPersonalAccounts provides the ability to set up multiple groups of email accounts for temporary or permanent use for vessel operations as well as crew, passengers or visitors to your vessels or business.

Optimised for use in demanding environments through our secure and stable email platform, **GTPersonalAccounts** allows you to set up private email accounts, configurable to be active for a set time period.

The accounts are also GDPR compliant as the messages are not archived and the content is not viewable via the fleetwide management dashboard.

Why do I need GTPersonalAccounts?

With **GTPersonalAccounts** secure email accounts can be provided for specific time periods, tailored to suit the requirement of the user. Once the time period has expired the account, and all content, is deleted to comply with data protection legislation.

> " Utilises the same cyber secure core email solution used for vessel operations. "

Benefits of GTPersonalAccounts

✔ **Encrypted and secure** - Operates using our fully optimised for maritime email platform, with Advanced Threat Protection

✔ **Flexible** - Ability to set the active period to suit your requirements

✔ **Complies with data protection regulations** - Personal email content is not archived or visible on the fleetwide management dashboard

✔ **Airtime and operating system independent** - Able to operate within your existing systems

✔ **Restart from point of interruption** - Resumes data transfer from point of interruption if there is a break in communications

✔ **IMO Code Compliant** - ability to run separated networks for operations, crew and equipment to comply with IMO MSC-FAL.1/Circ.3 cyber security requirements for 2021
